

We are delighted to invite you to our satellite symposium at the

ESMO 2024 Industry Satellite Symposium

September 15th, 18:30-20:00
Burgos Auditorium – Hall 5

Tools to Guide Treatment Decisions in Early Breast Cancer: Genomic Testing and Emerging Role of MRD

Chair
Professor
Nicholas Turner
United Kingdom

Professor
Janice Walshe
Ireland

Professor
Miguel Martin
Spain

Professor
Sherene Loi
Australia

Dr Rick Baehner
Exact Sciences Chief Medical Officer
United States

We are delighted to invite you to our satellite symposium at the

ESMO CONGRESS 2024

September 15th 18:30-20:00, Burgos Auditorium – Hall 5

Tools to Guide Treatment Decisions in Early Breast Cancer: Genomic Testing and Emerging Role of MRD

Nicholas Turner

18:30 – 18:35 Opening / Welcome

Janice Walshe

18:35 – 18:55 Tissue-based genomics to guide adjuvant therapy decisions

Miguel Martin

18:55 – 19:10 Evolving role of genomic assays in early breast cancer

Nicholas Turner

19:10 – 19:20 Introduction to MRD in breast cancer

Sherene Loi

19:20 – 19:40 Evolving role of MRD guided decision making in early breast cancer

Rick Bæhner

19:40 – 19:50 Optimizing the approach to MRD assay development

All

19:50 – 20:00 Panel Discussion

Refreshments will be provided
